## Baby Unit

The babies have been enjoying lots of pretend play during January.

Playing dress up and making tea have been some of their favourite activities. Reading has also become increasingly popular among our older babies, we will be expanding on this by using our story time box with puppets and props.

This February, the babies will be focusing on developing their physical skills through balancing, dancing and climbing. The babies have a lovely astroturf garden which is perfect for exploring their physical abilities outdoors.

---

## Toddlers

The 2-3's have been very busy during January with junk modelling. The

Toddlers have enjoyed using different materials and using their imagination to make rockets, cars and trains. We have been expanding vocabulary during these activities by talking about how the different materials feel and the noises they make when scratched, scrunched etc. We will be furthering this by exploring the variety of textures we can find in our outdoor areas.

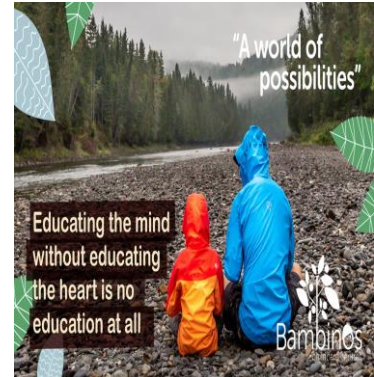

Our topic in Toddlers for February is animals, they will be taking part in lots of animal-based activities and reading about different types of animals and where they live.

---

## Preschool

Our Preschoolers have been focusing on their writing skills this past month, learning to write identify letters, write their names and gain good pen control.

During February, Preschool will be learning about their senses. What senses they have, how they use them and alternative ways of using their senses when one may be impaired.
