Parent Liaison Group

Working in partnership with parents is paramount to children's learning and development, Bambinos prides itself on the collaborative approach between parents and the setting on the child's learning and development.

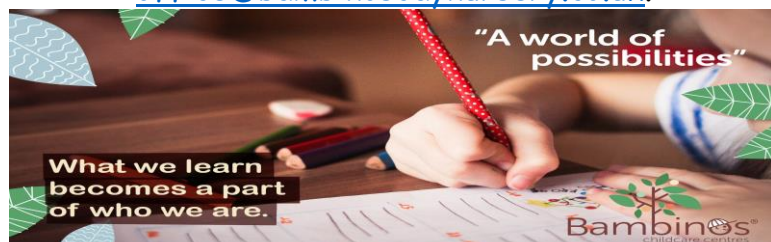

We would like to further strengthen our relationships with you our parents and set up a "Parents Liaison Group" to act as a vehicle for information exchanging between parents and staff.

We hope our "Parents Liaison Group" will encourage further good communication between parents and the nurseries. For example discussing changes to policies and ways in which our service to parents and children can be enhanced.

If you are interested in either joining the PLG or simply passing on feedback or have any items for the agenda please email.
