

# September 2019 Newsletter

## Welcome

We would like to welcome back all of our term time children and families from their summer holidays. We hope you all had a lovely break and are looking forward to returning.

We would also like to say a huge welcome to all of our new families that have enrolled to start throughout the month of September. We are looking forward to getting to know all of you and supporting your children through the settling in process.

We aim to provide a rich, warm and welcoming environment for all our new and existing children and hope the helps your children feel comfortable and at home during their time here with us.

---

## Toothbrushes and Tooth paste

Please could we ask parents of our toddlers and pre-schoolers to provide new toothbrushes and tooth paste ready for the new term.

Thank you

## Jeans For Genes Day

We are raising money for Genetics Disorder Uk. On Monday 16<sup>th</sup> September we invite all our children to wear jeans to nursery along with a small donation. We will also be raising awareness by learning about a variety of genetic disorders that we may see or experience.

---

## National Talk like a Pirate Day

One of the children's favourite days of the year on Thursday 19<sup>th</sup> September.

On this day there will be lots of pirate related activities. Treasure maps, making hats and going on treasure hunts!

Your children are welcome to come dressed up as a pirate too.

## Baby Unit

The babies have been loving spending lots of time outdoors. They have all loved the seesaw, so have been learning about turn taking, 'up' and 'down' and balancing.

Inside, the babies have been enjoying making dens out of a range of material and using these dens for story time. The favourite book recently has been 'Don't call me sweet'.

We have lots of new babies this month, we would appreciate some family photos if possible to add to our family displays.

---

## 2 - 3's Room.

The 2-3's have been enjoying getting creative!

They loved using the flower press to create beautiful pictures using leaves, flowers and sticks they found around the garden. They have also liked baking bread, jam tarts and biscuits.

Next month, our 2-3s are going to be learning about different jobs and occupations. They have shown a huge interest in the emergency services and have been talking lots about what jobs their parents/ carers and family members have.

---

## Pre - School unit

Our preschool have loved being in the garden, going on bug hunts and experimenting with the bamboo water shoots.

Preschool will be introducing the 'preschool bear'. This will be taken home by a different child each week with a book to write about the time they have had at each home. Next month also, the children will be focusing recognizing letters and how to write letters from their name.
