

# September 2019 Newsletter

## Welcome

We would like to welcome back all of our term time children and families from their summer holidays. We hope you all had a lovely break and are looking forward to the term ahead.

We would also like to welcome our new families that have enrolled to start throughout the month of September. We are looking forward to getting to know all of you and supporting you and your child through the settling in process.

We aim to provide a rich, warm and welcoming environment for all our new and existing children and hope this helps your children feel comfortable and at home during their time here with us.

---

## Toothbrushes and Toothpaste

Please could we ask parents/carers to provide new toothbrushes and toothpaste for the term ahead.

Thank you

## **Jeans for Genes Day**

We are raising money for Genetic Disorder UK. On Friday 20<sup>th</sup> September we invite all our children to wear jeans to nursery along with a small donation. We will also be raising awareness by learning about a variety of genetic disorders that we may see or experience.

---

## **National Talk like a Pirate day**

One of the children's favourite days of the year on Thursday 19<sup>th</sup> September.

On this day there will be lots of pirate related activities such as drawing and making Treasure maps, making hats and going on treasure hunts!

The children are welcome to come dressed up as a pirate and join in with all the fun furthering their imaginative development.

## Pear tree class

The children have been loving spending lots of time exploring the outdoors. They have all loved being in the tepee and watching the sunshine through the colours and the patterns it makes.

The children have enjoyed lots of sensory activities, learning about textures and smells as well as learning new words, furthering the children's communication and language.

We would like to welcome Ida and Jonah to the class, they will be making lots of new friends over the coming weeks. We would appreciate some family photos if possible, to add to our family tree.

## Willow tree class

The children have been focusing on shapes and colours through daily activities both in the classroom and the garden, furthering their mathematical development.

The children have also enjoyed being imaginative when using the spaceship and the home corner with the friends, building relationships.

Robyn and Emily have both settled well and have enjoyed making lots of new friends.

## Oak tree class

Our preschool have loved being in the garden, going on bug hunts and looking under the tree stumps where they found lots of bugs. Preschool have been introducing 'Pablo the fish'. Pablo will be taken home by a different child each week with a book to write about the time they have had with each child, learning about the world around them.

Lena, Eva, Harrison & Braxton have all settled well and made lots of new friends
